

Deposits/Withdrawals style

You may like the Deposits/Withdrawals style if this sounds like you...

"I prefer to get to the "bottom line" quickly. I like my statement to show all the deposits together followed by all of my withdrawals together, so I don't have to sort through the transactions to reconcile my account."

The Deposits/Withdrawals style:

- Groups and displays all deposits together, followed by all withdrawals
- Makes reconciling your account register simple

Every statement style includes...

- An Account Summary that provides an easy-to-read overview of the account
- An Account Activity section with detailed transaction history
- Interest Rate, APY and Tax Information sections for interest-bearing accounts
- A Fee Summary, when applicable, to help reconcile fees, refunds, and Banking Package rebates
